MAIMED FOR LIFE WHEN HE TRIED TO PREVENT SHOOTING

NOW INVOLVING THREE MEN AND WOMAN IN TOMOKA DISTRICT RESULTED BADLY FOR JOHN SMITH.

With one of his legs amputated just below the knee, John Smith lies in St. Mary's hospital, this city, awaiting the time when he will be well enough to get out and again battle—hard—against this time—with the problem of getting along in the world.

Tuesday afternoon, at a house in the Tomoka district about five miles from Daytona, Smith was shot in the leg by Mike English. Smith was caught here, and the attending surgeons Drs. Roy Howe and H. L. Perryday, found it necessary to cut off the limb, so badly was it lacerated by a load of birdshot fired at close range.

When English, who is a farmer, returned from work, Tuesday afternoon, he found Smith and a man named Martin at the English home. The latter was displeased at this, and a row ensued. It seems that English suspected his wife and Martin of indiscreet conduct. The quarrel had progressed to a critical stage, when English attempted to shoot Martin with a single-barreled shotgun. Smith unthinkingly tried to prevent this, and in so doing received the whole load in his leg.

Frightened, Martin and the woman fled to Ormond, where the former was treated and jailed. English started Daytona to get aid for the wounded man, but was intercepted enroute, and lodged in the city prison.

Late in the afternoon, Smith was brought here and given attention. Considering the seriousness of his wound, he is resting well today.

English and Martin waived preliminary hearings this morning and were committed to the county jail at Deland, this afternoon.

What became of the woman in the case has not been ascertained, but it is likely that she returned to the Tomoka district or to Kingston, where some of her relatives live.

CAPTURED DEFENDERS OF PRZEMYSL TREATED WELL BY THE RUSSIANS

PETROGRAD, MARCH 24.—DURING THE LONG SIEGE OF PRZEMYSL, 24,000 MEMBERS OF THE GARRISON WERE KILLED AND 20,000 WOUNDED. A DIVISION OF RUSSIAN TROOPS HAS BEEN ASSIGNED TO PATROL THE CITY.

THE GARRISON AND THE CIVILIAN POPULATION OF THE CITY WERE LITERALLY STARVED OUT. SEVEN HUNDRED LARGE GUNS, A NUMBER OF HEAVY FIELD PIECES, SCORES OF MACHINE GUNS AND A LARGE QUANTITY OF AMMUNITION WERE TAKEN WHEN THE FORTRESS FELL. IT IS OFFICIALLY ANNOUNCED THAT 19,000 PRISONERS, RECENT DEFENDERS OF PRZEMYSL, WERE TAKEN. LIBERAL TERMS OF SURRENDER WERE GRANTED, AND THE GARRISON MARCHED FROM THE FORTRESS WITH THE HONORS OF WAR. NONE OF THE CAPTURED SOLDIERS WILL BE SENT TO SIBERIA, AND THE OFFICERS WILL BE PAROLED. PERMISSION WILL BE GRANTED TO REMOVE THE KILLED AND WOUNDED TO AUSTRIA.

TEUTONS REPORT CAPTURE OF 3,000 PRISONERS.
BERLIN, March 24 (Official).—German troops captured 2,500 Russians in the fighting north of Ostrleka and 500 more when the enemy was driven from Memel. French attacks in Alsace were repulsed, and attempts of the French to recapture lost ground northwest of Pont a Mousson were not successful.

ATTACKING WARSHIPS STEAM OUT OF STRAIT ON ACCOUNT DENSE FOG

LONDON, MARCH 24.—WITH THE GALES DECREASING IN VIOLENCE, THE WARSHIPS OF THE ALLIES RENEWED THE ATTACK UPON THE DARDANELLES AT DAWN TODAY. NINE DREADNOUGHTS ARE RAINING SHELLS UPON THE REPAIRED TURKISH FORTIFICATIONS.

LONDON, MARCH 24.—LATE DISPATCHES FROM TENEDOS STATE THAT THE ALLIES' BATTLESHIPS HAVE WITHDRAWN FROM THE DARDANELLES, BECAUSE HEAVY FOG PREVENTED ACCURATE FIRING. A NEWS DISPATCH STATES THAT ALLIED TROOPS LANDED ON THE GALLIPOLI PENINSULA LATE YESTERDAY AFTERNOON. A GENERAL ATTACK, BOTH ON LAND AND SEA, WILL BEGIN AS SOON AS THE WEATHER CLEARS.

KAISER PLANS TO WIN VIA STARVATION ROUTE, SAYS GENERAL PEARSON

NEW YORK, MARCH 24.—"GERMANY HAS 160 SUBMARINES AND A FORCE OF 40,000 MEN WORKING DAY AND NIGHT BUILDING MORE," STATED BRIGADIER GENERAL SAMUEL PEARSON, WHO RETURNED FROM GERMANY TODAY.

THE KAISER WILL ATTEMPT TO STARVE ENGLAND AND FRANCE INTO SUBMISSION BY ENCIRCLING THEIR COASTS WITH SUBMARINES AND ATTACKING SHIPPING. THE GERMANS ARE ALSO PREPARING TO LAUNCH A GREAT AIR ATTACK UPON ENGLAND WITH ZEPPELINS AND AEROPLANES.

CONTEST CLOSES WEEK FROM NEXT MONDAY EVENING

THAT TIME WILL DETERMINE THE TWO YOUNG LADIES WHO WILL GO TO CALIFORNIA NEXT MONTH.

A week from next Monday evening marks the close of the Gazette-News Panama-Pacific Exposition contest, and that evening will determine the two young ladies who will go to California with all expenses paid as the guests of the Gazette-News company, as well as the young ladies who will receive the various prizes offered by various Daytona business houses.

The standing of the various contestants up until Monday night was as follows:

Few, perhaps, realize what a magnificent outing this California trip will be, or how complete in every detail the Gazette-News company will make it. Much thought has been given to the details of the trip, and finally the Ballard Tour has been selected as the most advantageous and one over which any young lady can travel in perfect comfort and security. The trip will be chaperoned by Mrs. Robt. Anderson, wife of the district passenger agent of the Illinois Central railway, of Birmingham, and Mrs. F. F. (Continued on Page Seven.)

CUBANS DID NOT LET OUR UNCLE WILBERT'S LADS GO TO SLEEP

SUNBURNED BUNCH FROM THE
ANTILLES ACTED LIKE REAL
WARRIORS DURING YESTER-
DAY'S ENGAGEMENT.

The All Star Cubans opened their four-game engagement with the Superbas yesterday afternoon, and drew a 6 to 2 defeat as a starter. The lads from the island republic put up a snappy article of ball with the exception of a few moments during the game when the fielding deteriorated considerably and this, fact, coupled with timely hitting by the Superbas, accounts for the victory of the Brooklynites.

There were several grandstand stunts pulled during the battle, not the least of which were two or three classy catches by Calvo in left field. This chap is surely a wonderful outfielder; he demonstrated his ability beyond question of doubt early in the game and the Superba batsmen who dropped files in his territory were counted out regularly.

The Cuban infield showed a weak spot at second base, Hingo contributing errors at critical points, allowing runners to advance and later score. The throwing to bases of Toney could have been improved upon in several instances, but even at that, our Brooklynites fell victims to his whip on attempts to purloin an extra sack.

The visitors displayed plenty of "pep" and at the end of the contest, Manager Robinson's proteges knew that they had been in a ball game.

Charlie Schmutz, the veteran boxman of the Superbas, twirled the last four innings and had the Cubans eating out of his hand at all stages of the game. The big spitball artist fanned three successive batsmen in the seventh and followed this up with two more strikeouts in the eighth inning. His control was excellent, and but two hits were collected off his delivery.

The visitors scored once in the first round, when Calvo got a pass off Brown, who pitched the first five innings, stole second and went to third on Getz' error on Viola's bouncer. Padron then lifted a fly to Zack Wheat in left field and Calvo scored after the catch.

Zimmerman singled in the Superbas' half of the second session, but was left when the next two men went out in order.

In the third inning the Brooklynites got two tallies across the platter. Schultz started things off with a triple along the left field foul line and Jake Daubert slashed an infield single through second base, scoring Joe. Daubert was forced at second by Cutshaw, but Wheat banged one into right field for a safety, sending Cutshaw to third. Zack took second on the throw to catch Cutshaw at the far station. Myers then hoisted a high one to center field, Cutshaw scoring after the catch, and Getz ended the inning by flying to center field also.

There was nothing further of interest until the fifth, when the Cubans dented the plate once more. After Calvo had skied to Schultz' Jacinto worked Brown for a pass and stole second. Viola hammered a hot one to Getz, who messed it up long

ing to steal and Schmutz worked Acosta for a free ticket. Schultz then poked a grounder at Hingo and the latter fozzled badly, Getz scoring on the play. Daubert shot one to Viola and was out at first.

The Cubans went out in order in the ninth, ending the game. The second game of the series is to be played this afternoon at Ebbets Field, and Monoz will be on the mound for the Cuban aggregation. The diminutive Acosta, who did the hurling yesterday would have come through the melee in better shape had it not been for his poor support in the pinches. With snappy fielding, such as the Cubans are capable of, Munoz should give a good account of himself against the Superba batsmen.

The lineup and score by innings of yesterday's game follow:

HIGH SCHOOL GIRLS AND BOYS SCORE HIT, "CUPID AT VASSAR"

The Daytona high school play, "Cupid at Vassar" was presented at the New Daytona theater, last evening, before a large and thoroughly appreciative audience. The quality of the acting was superior to the average amateur production and showed the efficient coaching. The principal parts were well taken, while the subordinate parts were in efficient hands.

Miss Bernice Bemis in the role of Kate Newton, a student at Vassar, portrayed her part to perfection. Playing opposite Miss Bemis was Walter Barry, who took the part of John Willett, and was thoroughly alive to the importance of his lines.

In the part of Amos North, David Stebleton, "the villain who still pursued her," was one of the hits of the evening. Miss Thelma French, as Wanda Newton, the "villainess" was extremely good, and got her lines across in a telling manner.

John Osborne, as Shiny, the negro janitor at Vassar, should be designated as the "heavy comedian," and was one of the main reasons for the success of the show. He was ably assisted by the diminutive Duncan Mills, who scored his usual hit.

Several songs and drills by the young ladies in the cast, added greatly to the effect of the production, and each and every member of the company should be congratulated upon the success of the play. Music was furnished by Prof. Sheppard's orchestra.

A thousand-acre grove of orange and grapefruit trees is a wonderful thing. Such a grove has been made last year in the history of Florida. It is located at Lantana Park, in Polk County, and is recognized as the finest accomplishment in the citrus development of the state. The men who built this grove are now engaged in making an even finer one, twice as large, at Mountlake Lake, some ten miles away.

The grove is located in the heart of the famous citrus belt of the state, and is one of the finest groves in the state. It is located in the heart of the famous citrus belt of the state, and is one of the finest groves in the state.

A thousand-acre grove of orange and grapefruit trees is a wonderful thing. Such a grove has been made but once in the history of Florida. It is located at Lucerne Park, in Polk County, and is recognized as the finest accomplishment in the citrus development of the state. The men who built this grove are now engaged in making an even finer one, twice as large, at Mountain Lake, some ten miles away.

The tract is located in the heart of the famous citrus belt of the lake region of Florida, comprises over 2,500 acres. It is uniformly fertile, beautifully rolling and splendidly located as regards transportation. The grove making will be along the most efficient lines, and the property will be laid out by a landscape architect of international reputation. Lovely winter homesites will fringe the lake shores, dot the sides of Iron Mountain and crown the adjacent elevations.

The groves will be planted and sold in ten-acre units. The land will be cleared and planted, the trees cared for and cultivated and all necessary attention given the groves for five years. This part of the development will be under the direction of M. E. Gillett & Son, the world's foremost citrus experts, who have made many of Florida's greatest groves, including those at Lucerne Park. They have also assumed the selling agency for the properties.

The landscape work will be done by Frederick Law Olmsted, of Brookline, Mass. Mr. Olmsted was associated with his father, the leading landscape architect of his day, in planning Biltmore Estate. He has to his own credit much notable landscaping, including Roland Park in Baltimore and Forest Hills Gardens, Long Island. At Mountain Lake he will conserve the natural beauties without interference with the economic features.

The Mountain Lake Corporation commands respect because of the standing of the gentlemen who compose it. Among the leading stockholders are the following:

FRANK S. WASSERMAN, president American Cyanamid Company, Niagara Falls, Ont., president Alabama Power Company, Birmingham, Ala.
JAMES MITCHELL, president Alabama Traction, Light & Power Company, Ltd., New York and London.
HARVEY E. GOODMAN, vice-president and general manager Goodman Manufacturing Company, electrical moving machinery, Chicago, Ill.
ELMER A. SPERRY, president Sperry Gyroscope Company, New York.
M. E. GILLETT AND D. C. GILLETT, proprietors of Buckeye Nurseries and Gillett Lumber & Transportation Company, Tampa, Florida.
E. C. STUART, vice-president State Bank of Bartow, Bartow, Fla., director Coronet Phosphate Company, Lakeland, Fla.
FREDERICK S. RUTY, president Mountain Lake Corporation, Lake Wales, Fla.

A preliminary booklet, now ready for distribution, gives the plans much more in detail. Copy will be mailed on application and further particulars supplied upon request.

A FISHING PIER FOR ORANGE ISLAND PARK

The owners of Orange Island Park, the new subdivision which will be opened for sale, Friday, have plans for a first-class fishing and boating pier to be erected at the foot of Anita avenue, and will be for the benefit of the purchasers of lots in this beautiful property.

The Trumbo Dredging company, which owns the land immediately adjoining Orange Island Park, proposes to develop this soon, along the same lines as the above mentioned property.

Orange Island is a place of historic interest. It was selected years ago by the early inhabitants of this section for its natural beauty and ideal location. In Orange Island Park the first artesian well ever discovered in Florida was driven over 40 years ago by John Manley.

There are giant oaks, wild orange trees, palmettos, cedars, fig and peach trees growing in Orange Island Park, and its water front comprises the choice building sites of this entire section.

The property will be formally opened Friday at 10:00 a. m. by an unique sale. Captain Herrmann has been engaged with his famous hydroplane to make an exhibition. His flying-boat can travel more than a mile a minute. A well-known local society girl will be a passenger with Captain Herrmann and will drop from the clouds \$2500 in certificates.

Free street cars will be operated to Orange Island Park, commencing at 9:00 a. m., and a large crowd will no doubt be present and secure their choice of the beautiful water front lots and the business sites to be opened Friday.

BUYS BUILDING SITE ON THE HALIFAX RIVER

F. M. Oden, of Birmingham, Ala., has purchased a choice building site on the water front in Orange Island Park. Mr. Oden is connected with the L. & N. railroad at Birmingham, and intends to build a winter home in Orange Island Park at a later date.

The History of Other Countries.

It is not at all the history of our own country which is all-important, overshadowing all the rest, not the history of the times nearest to our own, says Frederick Harrison. It is history be the continuous biography of the human race, it may well be that the history of remote times, which have the least resemblance to our own, may often be the more valuable to us as correcting national prejudices and the narrow ideas bred in us by daily custom. The history of other races, and of different customs, may be of all things the best to correct our own vanities, and our conventional prejudices. We have indeed to know the history of our own country, of the latter ages. But the danger is, that we may know little other history.

The announcement by Charles St. John, that the Seaside National team will play at Seaside Stadium, has sprung cheering jubilation among the many club patrons, who are looking forward to a great deal of recreation on the part of a large number of Clarendon patrons.

It is doubtful if there is any city in the United States from which the "big league" draws a larger percentage than that of the City of Clarendon, and when the Seaside team is in town, it will be a most desirable event, the club patrons should be sure to get out of the city to see the game.

While the waiting the spring training of the team, Mr. St. John, accompanied by Mr. St. John, who is the manager of the Seaside team, will be in the city to see the game.

6560 Acres of Cut Over Pine Land
\$4.25 Per Acre

This property lies seven miles west of New Smyrna, on the Orange City branch of the Florida East Coast Railway, which cuts through one corner of it, and parallels it for three and a half miles.

The County road from New Smyrna to DeLach splits it through the center for four miles, some is being hard surfaced now.

About two thousand acres is prime land, below cut over pine, and no better trucking or fruit land can be found in Florida.

The drainage is perfect as it lies 22 1/2 feet above tide water, which hits it on the north.

The lands in the adjoining section have sold from \$25.00 to \$50.00 per acre, and prospective buyers are located on them.

The owner of the land has been holding for \$6.50 but is forced to realize quickly, and will sacrifice at above figures.

I would prefer to show this land to someone who knows values when he sees them, and it will take only a few hours to demonstrate it.

ANNOUNCEMENT THAT THE
CLUB WILL TRAIN AT EBBETS
FIELD DURING NEXT FOUR
YEARS GOOD NEWS TO GUESTS

The announcement by Charles Ebbets that the Brooklyn National baseball club will make Seabreeze its spring training quarters during the next four years, was received with a good deal of enthusiasm on the part of a large number of Clarendon patrons yesterday.

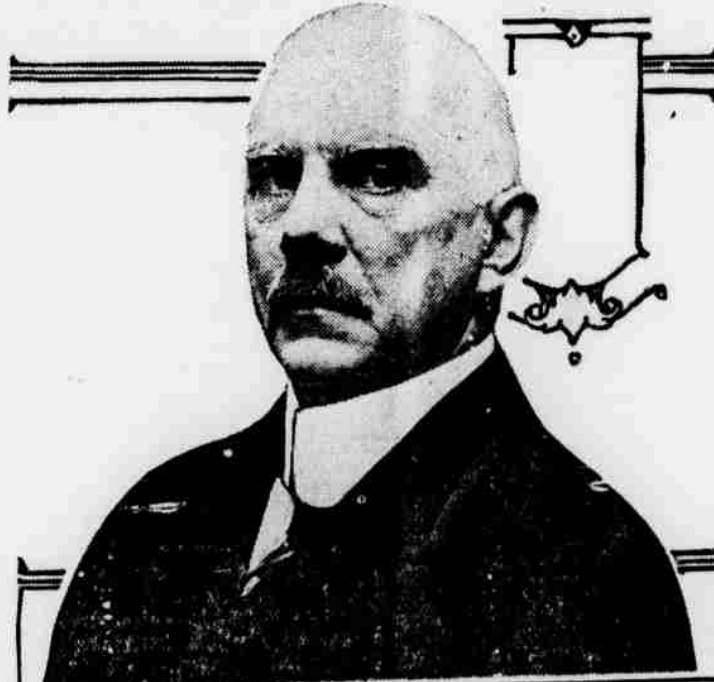

It is doubtful if there is any one city in the United States from which the big hotel draws a larger representation than the City of Churches, and with the Brooklyn squad at Ebbets field only a short distance away, the exhibition games should furnish no end of amusement for this particular class of guests.

While here watching the spring training of his men, Mr. Ebbets, accompanied by Mrs. Ebbets, were guests at Hotel Clarendon, where they made many warm friends. These were not backward in wishing for the baseball magnate and his club all kinds of success the coming season—even the world series pennant honors.

Mr. and Mrs. Ebbets left yesterday for their home in Brooklyn, where the big league club owner will arrange for the official opening of the baseball season early next month.

Intricate Story.

Ancient Church Edifices.

Some of the oldest surviving church edifices are St. Luke's, Smithfield, Va., 1632, a brick building, of which Joseph Bridger was the architect; the Ship Meeting House, so called because it was built of ship's timbers, at Hingham, Mass., 1681; the Quaker Meeting house at Flushing, 1692; "Gloria Dei," Swedish, Philadelphia, 1697; Trinity, Wilmington, Del., and the Dutch Reformed church at Oakland, N. J., both built of stone in 1698. For the eighteenth century, the catalogue is as long as Homer's roll call of the ships.

Military Funerals.

It is not universally known what is meant by a funeral "with full military honors." In such a funeral the coffin is borne on a gun carriage. If the dead soldier was a cavalryman his sword and helmet are fastened to the saddle of his horse, which is led immediately behind the gun-carriage, and his top-boots, with spurs attached, are fastened in stirrups, with the toes pointing backwards. A firing party, drawn, if possible, from the deceased's regiment, fires three volleys over the grave, and the "Last Post" is then sounded by buglers.

The Great Conflict

THE ALLIES VIEW.

(By Albert W. Bryce.)

Of course the triangular contri-
versy over the paper blockade enter-
prises of Germany and England, in
which our government stands at the
apex, had not begun at the time of
the sinking of the William P. Frye,
and the commander of the Prinz
Eitel Frederick could not know of
the embarrassment which the prece-
dent he created might prove to his
government, whose personal posi-
tion it absolutely nullifies. But he
was quite aware of the generally in-
defensible character of the act which
he was committing. His business up-
on the seas was to injure England in
any and all ways that he could. He
did not propose to stop for any mere
scruples of law or international
usage. But with that curious faculty
for self-delusion of which this war
has shown so many instances, he
thought it worth while to fabricate a
tissue of fallacies to cover his act.
Finding nothing in the general
principles of international law to jus-
tify his course, he fell back on the
declarations of his own, forgetting or
ignoring the fact that the declaration
has no force or effect in the present
war and that his government has
proceeded both on provisions.

THE GERMAN VIEW.

(By Hugo von Kleist.)

Continued protests against Great
Britain's seizure of shipments of cop-
per have been filed with the state de-
partment since last December. Five
concerns which practically control
the copper industry, engaged John
Bassett Moore to push their case. In-
formation has been filed with the de-
partment of state regarding all ship-
ments seized. Evidence of gross dis-
crimination showing how, by their
high-handed methods, England is at-
tempting to throw our entire neutral
copper trade into the hands of British
agents, has been placed in the hands
of Secretary of State Bryan. Despite
the fact that England's seizure up to
January 1, 1915, amounted to \$3,500,
000 and that four forced sales made
to the British government were at
prices far below those offered by the
original consignees, Secretary Bryan
has not seen fit to take any effective
action. Already the copper produc-
tion of this country, according to
statements filed with the department
of state, has decreased 50 per cent.
More than a million persons living
west of the Mississippi have been
directly and indirectly affected and
thousands of employees have been
thrown into idleness.

The concerns which have united in
protest are the American Smelting
and Refining company, the United
Metal Selling company, the American
Metal company, L. Vogelstein & Com-
pany and the Norfolk Smelting and
Refining company. The seizures made
by Great Britain since the outbreak
of the war and up until January 1
aggregated 19,350 tons, of which 9,350
tons were held at Gibraltar alone.
Four of the shipments were destined
for Holland, 14 for Italy, and 13 for
Sweden. On the four lots sold to the
British government in preference to

the expense and delay of prize court
proceedings, the shippers and brokers
lost \$30,000.

The Pitiless Tyrant.

Remember that woman is a tyrant,
and that only when you are under her
little heel, and it is too late to strug-
gle, you will find how pitiless it can
be, and how quickly it can crush the
life and spirit out of a man.—Sydney
Yorke.

Racket or Raquette.

When you use the racket in playing
tennis you do not stop to think what
it means and how difficult it has been
to trace the word. Some thought that
it was so called because of the noise
made by the ball striking it, but this
is impossible. The real origin is from
the French raquette, the palm of the
hand, which was originally used in
the game before the racket was in-
vented. It's all very simple when you
know.

Hardly.

Era of the First Trousers.

The first trousers worn in London were of plain, light colored cloth, and fitted very tightly; almost as tight, we may believe, as those in this country a generation ago. In the second season striped and other figured cloths were used by some, but such trousers were regarded as quite plebeian, and fit for wearing only in bad weather, when the streets were muddy, or as a sort of rough outing garb at the seaside. A favorite material for trousers worn by men of fashion was an elastic stockinet, which fitted literally "skin tight." Beneath such garments, to supply the deficiencies of nature, men were not averse to wearing false calves and other padding on their legs. Straps passing beneath the foot were used to keep the trouser legs held down in place.

PASSENGERS AND CREW OF SINKING STEAMSHIP RESCUED IN MID-OCEAN

NEW YORK, March 24.—THE PASSENGERS AND CREW OF THE MALLORY LINER DENVER, WHICH WAS ABANDONED AT SEA IN A SINKING CONDITION 1,300 MILES EAST OF NEW YORK, WERE RESCUED BY THE ATLANTIC TRANSPORT LINER MANHATTAN. THE LATTER ANSWERED THE "S. O. S." CALL WHEN THE DENVER, RETURNING FROM BREMEN AFTER DISCHARGING A CARGO OF COTTON FROM NEW YORK, SPRUNG A LEAK AND BEGAN SINKING RAPIDLY. THE PASSENGERS WERE CREWS OF AMERICAN STEAMSHIPS SUNK IN EUROPEAN WATERS.

THE LINER MEGANTIC IS ALSO BRINGING A PART OF THE DENVER'S CREW. IT IS REPORTED THAT THE LATTER COLLIDED WITH ANOTHER SHIP.

BRITISH AVIATORS RAID GERMAN PLANT.

LONDON, March 24.—British aviators flew across Belgium today and dropped eight bombs on the German submarine works at Hoboken, near Antwerp. The plant was set afire.

RELIEF SHIP IMPERILED.

WASHINGTON, March 24.—Bombs dropped from German aeroplanes barely missed the Belgian relief ship Elfrid, off the Dutch coast. The Netherlands government is in communication with Berlin regarding the incident.

COSTLY FIRE IN TEXAS CITY.

SAN ANTONIO, March 24.—The Delkowitz department store was destroyed by fire today, causing a loss to the owners of \$150,000.

GERMANS ABANDON OSSOWIEC SIEGE.

LONDON, March 24.—A dispatch from Petrograd says the Germans have withdrawn from before Ossowiec, leaving two 16½-inch howitzers.

BUILDING ARENA FOR JOHNSON-WILLARD FIGHT.

HAVANA, March 24.—The erection of the arena for the Johnson-Willard world-championship fight, which is to occur April 4th, commenced today. The arena will be built on the race track, and will accommodate 60,000 people. The advance sale of tickets is tremendous.

ALLIES MAKE FURTHER GAINS IN WEST.

PARIS, March 24 (Official).—Two divisions of the Belgian army made gains along the Yser river, capturing a German trench on the left bank. The French captured trenches at Hartmannsweiler Kopf, taking a number of prisoners.

BIG DEFEAT OF TURKS.

PETROGRAD, March 24.—After a two-days' battle the Turks were defeated and driven from Alaschcerd and the Zeidekin valley to Beyar.

RESULT OF TREMENDOUS BATTLE IN CARPATHIANS YET HANGS IN BALANCE

VIENNA, MARCH 24.—TREMENDOUS LOSSES ARE BEING INFLICTED UPON THE RUSSIANS WHO RENEWED THEIR OFFENSIVE TACTICS IN THE CARPATHIANS, BUT THE ARRIVAL OF HEAVY REINFORCEMENTS FOR THE ENEMY MAKES IT IMPOSSIBLE TO PREDICT THE RESULT OF THE STUPENDOUS BATTLE.

THE RUSSIANS ARE ATTACKING SIMULTANEOUSLY DUKLA, USZOK AND LUPKOW PASSES. IT IS ESTIMATED THAT 1,070,000 MEN ARE ENGAGED ALONG A FIVE-HUNDRED-MILE FRONT.

"STONEWALL" JACKSON'S WIDOW DEAD.

CHARLOTTE, N. C., March 24.—Mrs. Mary Jackson, widow of the famous Confederate general, "Stonewall" Jackson, died here this morning.

FIGHTING FOR LIFE, BECKER ALLEGES 20 ERRORS WERE MADE

ALBANY, N. Y., March 24.—The

court of appeals has on its calendar for today the hearing of the appeal of former Police Lieutenant Charles Becker from the judgment convicting him of murder of Herman Rosenthal, the New York gambler, and for which the four gunmen convicted with Becker have already been electrocuted.

The "brief" as legal phraseology puts it is the longest that has ever been filed in New York county. It contains 750 pages of printed matter and elaborates every detail of the several features of Becker's last trial. The 20 features of the second trial which Martin T. Manton, the counsel for Becker, emphasizes as unfair and constitute reasons why the new trial should be granted are:

1—The defendant's guilt was not established beyond a reasonable doubt.
2—Since this is true the verdict of guilty, being honestly against the weight of evidence, is contrary to law and cannot stand.
3—The conviction was upon testimony of accomplices, without corroboration by any other evidence tend-

ing to connect defendant with the crime.

4—The second trial was staged in an atmosphere designated to be hostile to the defendant, and was highly prejudicial to his rights.
5—Admission of the alleged statement of Dago Frank in the hearing of William Shapiro just before the murder in defendant's absence was highly prejudicial.
6, 7 and 8—Admission of alleged conversations between Rose and Rosenthal, between Rose and Zelig, between Rose and the gunmen, all in the absence of the defendant, constitutes reversible error.

9—Ruling of the court on the cross-examination of Rose, in declining to strike out answers not responsive to the questions, and in excluding testimony on the trial, was highly prejudicial.
10—The admission of Weber's declaration to the district attorney in Becker's absence was reversible error.

11—The admission of testimony of Lefty Louie's widow of alleged conversation between Rose and Lefty Louie in the defendant's absence constitutes reversible error.
12—The admission of testimony of Lefty Louie's widow regarding the distribution of money among the gunmen in her Seventh avenue apartment was highly prejudicial.

13—The admission of anonymous complaints received at police headquarters, charging Becker with pro-

tecting Rose's gambling place, constitutes reversible error.

14—The admission of conversation between the police commissioner and Captain Day, in the defendant's absence, was reversible error.

15—The dying confession of Dago Frank stating that so far as he knew Becker had nothing to do with the murder, should have been admitted.

16—The exclusion of jury, from the courtroom, over defendant's objection, during defendant's offer of proof of the Dago Frank confession was reversible error.

17—The exclusion of testimony tending to show that Moe Cohen, a material witness, whom the people failed to call, had been drawing a salary from the district attorney's office, constitutes reversible error.

18—The court erred in refusing to allow the defendant's counsel to question Rose in the same manner that the district attorney was allowed to question the defendant's witnesses.

19—The repeated injection of extraneous matters, unsupported by any proof, by the district attorney in his opening and summing up the case constitutes reversible error.

20—The charge to the jury was unfair and erroneous.

Conclusion—The judgment of conviction must be reversed, the indictment dismissed, and the defendant discharged from custody.

Arrangements are said to have been made between Russia and Germany for the exchange of 20,000 war prisoners. The exchange, it is reported, will be made by way of Stockholm harbor, beginning in April.

San Francisco Sheet Metal Workers' union has adopted resolutions urging its members and all trade unionists to patronize the street car busses in preference to street cars whenever possible.

How Shopkeepers Wash Windows. Housekeepers ought to know that shopkeepers have a special way of washing. The latter use a brush to wash the soap and water used by the customer and call them washers. The washers are used for a long time. Their method is to use one part of alcohol with three parts of water and to use the washers with waste or a piece of cloth. It is to dry, which it will do in five or twenty minutes. The washers are with a clean cloth. The washers are not only cleaned, but the shopkeepers' woodwork is in no way harmed and much time and labor have been saved.

Dr. and Mrs. William Dougall and son, Wm. H. Dougall, of Joliet, Ill., who have been guests at the Gables hotel since the latter part of January, departed Tuesday on their return north. They had expected to remain here until the first of May, but Dr. Dougall was in very poor health and finally decided to enter a hospital in Chicago for treatment. Dr. Dougall has many friends here, especially among the members of the Joliet contingent, who will hope for his speedy recovery. The doctor was in ill health before coming to Daytona.

Mr. and Mrs. Valentine Neuberger, of Brooklyn, N. Y., who have been season guests at the Lyndhurst on Second avenue, departed Wednesday morning on their return north. Mr. and Mrs. Neuberger have many friends in Daytona and Mr. Neuberger is interested in the Ormond Beach and Seabreeze Realty company.

"BREVET" WILL BE AMUSEMENT FEATURE AT DAYTONA HOTELS

"Brevet," the new game which is proving so attractive, is to be established at the Hotel Tourist and will hereafter form one of the features of entertainment at that hostelry.

The game was earlier in the season installed at the Austin hotel where it has proved very popular, and in fact it has everywhere in its first season received splendid recognition. No unusual skill or athletic ability is required in the game which can be mastered in one lesson and is equally suitable for a private lawn or public place of amusement. It partakes in character of both croquet and golf.

F. M. Regal, of Warren, Ohio, who is spending the winter here at 404 Orange avenue, is demonstrating the game and will be pleased to show the advantages of "Brevet" to any interested persons.

Mrs. John Van Meter, of Elkhart, and Mrs. William Van Meter, of Springfield, Ill., who are spending the season here with Mr. and Mrs. C. C. Van Meter, were among the number taking advantage of the special rates to Miami this week on the Flagler system and left Tuesday afternoon for the Magic City and Palm Beach, stop-over being allowed. The ladies are cousins of Mr. Van Meter, of Springfield, who is spending the winter here as usual, occupying with his family the Hall apartments on Fairview avenue.

Mrs. C. Fannie Allyn, who came to Daytona a few days ago from Cassadaga Camp where she had been during the season, departed Tuesday for Washington, D. C., where she will lecture on Spiritualism next Sunday, going from that city to Boston on her way to her home in Stoneham, Mass. While here Mrs. Allyn was the guest of her friend, Mrs. A. E. Barker, South Ridgewood avenue.

Ballard, wife of the conductor of the tour. A physician will accompany the party.

The tour will leave Daytona, July 11, and the guests of the Gazette-News will leave Jacksonville on the Seminole Limited for Birmingham, Ala., from which city the special train will leave the following morning. The tour will last 30 days and some of the greatest hotels of the west will be visited and little of the magnificent scenery worth seeing will be omitted.

This week a complete itinerary of the trip will be mailed to each contestant.

Others than contestants are eligible to take this trip, and information concerning it will cheerfully be given by the editor of the Gazette-News.

Okeechobee Farms

Will yield big crops of corn, cane, cowpeas, velvet beans, rape, peanuts, kudzu, spineless cactus, besides raising Bermuda, Rhodes, Para, Natal and other grasses for hay and pasture. With all these crops available, cattle, sheep and hogs can have green food the year 'round.

Thousands of Acres of Our Land at the North End of Lake Okeechobee Are Now Ready for Cultivation

These lands do not need draining other than small ditches necessary on any farm. Make a trip to Okeechobee on the new division of the Florida East Coast Railway without delay, and see for yourself just what these lands are. Not that Okeechobee is now only a trifle over twelve hours' journey from Jacksonville.

Investigate This Wonderful Country While You Can Have a Choice of Locations for Your Farm

You will find it unexcelled for general farming, livestock and poultry raising, and for growing all kinds of vegetables common to Florida as well as the finest citrus fruit. This town and country will grow at an amazing rate during the next few years. We also have excellent land and town lots at CHULUOTA and KENANSVILLE—the former a fine lake section in Seminole County suited to fruit growing, trucking and general farming, and the latter a fertile pine land country in Osceola County especially adapted to stock raising, general farming and fruit growing. NEWS OF THE HOTELS

A. Dahn, of Sayville, L. I., who had been a guest of the Despland for a month or more, left yesterday for California, where he will attend the Panama-Pacific exhibition.

Mrs. Chas. E. Trip entertained a party of four at dinner at the Despland, last evening. Her guests of the evening were Mrs. Chas. Hayden, of New York, Mrs. F. E. Fenton, also of New York, and Miss Helen Foote, of this city.

Mr. and Mrs. Geo. H. Lines, of New Milford, Conn., who have been visiting their cousin, Mrs. M. A. Jackson, for the past two weeks at the Prospect hotel, left for St. Augustine yesterday where they will spend some time with relatives.

C. Garvin Gilmain gave an entertainment at the Howard hotel, Monday evening, which was one of the most successful given at the Howard this season. Mr. Gilmain is one of the best impersonators in the business, and his efforts were especially brilliant and effective before the guests of the Howard.

Mrs. Wm. Hayun, and daughters, who have been guests of the Ridgewood hotel, left Tuesday morning on a two days automobile trip to Orlando. They will return to the Ridgewood after a couple of days in the inland city, however, and will probably spend the remaining portion of the season here.

J. E. Potvin, of Toronto, Ont., who was a guest of the Despland for the greater part of the winter, has returned after a few days' absence and will remain for the rest of the season. Mr. Potvin left for the north last week, going from here to Asheville, where he spent several days. The weather from the first was cold, but when on the last day of his stay at that city a hard snow storm occurred, he decided to return to "the prettiest winter resort in the world" until the cold winds no longer howled in the north.

Heat Through Friction.
Heat is developed in almost any substance which is subjected to continuous or very violent friction. It is an old trick for a blacksmith to forge without fire. Long-continued and violent hammering on two pieces of wire will heat them to such an extent that they can be welded together.

The first railway in 1846 to the smoking car, was an English corporation.

BUNCH OF NEW YORK GIRLS ARE "BIRDS"

NEW YORK, March 24.—Washington Irving High school girls will give "The Sanctuary," Percy Mackaye's bird mask in the school auditorium, for the benefit of the fund used for the conservation of birds. Mrs. Charles S. Whitman, wife of New York's governor, and Miss Margaret Wilson, daughter of the president, are among the patrons.

Eastern railroads are contemplating a plan with the Interstate Commerce Commission providing in freight rates on lake and rail traffic. Those which have already been filed will become operative on next Saturday, unless suspended by the commission.

FEAR THE INFLUENCE OF WOMEN UNIONISTS

GLASGOW, March 24.—Throughout Scotland the fear of trade unions of women getting, because of the war, a footing in industries which hitherto have not admitted her, is taking on serious proportions. The basis of the men's fear is that once in, it will be difficult to dislodge the women, and that they will pull down the wages of men engaged in similar work. The engineering employers of this city were desirous of introducing women in certain forms of machine work, but the Amalgamated Society of Engineers objects and the matter has been dropped, at least for the present.

The Pennsylvania Railroad is again having trouble with the moving picture film carriers, those who insist on getting on passenger trains with films not packed according to the regulations provided by the interstate commerce commission to guard against fire or explosion.

Cotton-seed oil production in the United States is now more than 2000-600,000 gallons annually, or five times as much as in 1890.

PROFITS

ARE THE GREATEST TO THE MAN WITH

Foresight

The man who can see mentally, beautifully graded lots, handsome houses, wide streets, where there are now only rough hills and hollows covered with scrub palmetto trees, is the fellow who makes the biggest percentage. Bank stock is a fine thing for those who prefer to let the other fellow do their thinking. But if you are alive you are going to make your own dividends.

Come over to my block-yard, and see some really nifty ornaments in cement, and have a talk about business in general. It will pay both of us.

Beach Block-Yard.

PIONEER RESIDENT OF COUNTY PASSES AWAY

IRA W. HATCH, WHO CAME TO
VOLUSIA COUNTY IN 1877,
DIES AT OLD SOLDIERS' HOME
IN TENNESSEE.

Fred W. Hatch has returned to his home in New Smyrna from Johnson City, Tenn., where he was called last week by a telegram announcing the death of his father, Ira W. Hatch, who had been a resident of Volusia county for many years and was well known along the coast sections of the county. Mr. Hatch died March 13 and was buried with military honors in the beautifully located national cemetery at Johnson City.

Mr. Hatch came to Florida in the fall of 1876 and remained for a few months in Orange county. Here he was joined the following year by his wife and son, Fred, and the family moved to Oak Hill, where they resided for several years. Later they moved to Daytona, and still later to Lake Helen, where Mr. Hatch resided until July 4, 1914, when, at his last illness, he was taken by his son to the beautiful soldiers' home, where he passed away. His wife, Abbie C. Hatch, died in April, 1900.

He was born April 2, 1835, thus lacking only a few days of being 80 years of age at the time of his death. He is survived by his son, Fred W. Hatch, of New Smyrna.

F. W. Hatch says that a few minutes after he laid the tribute of loved orange blossoms on his father's grave, snow began to fall, covering all with a mantle of white to a depth of five inches before it stopped. Thus the father's grave bore the emblems of snow and orange blossoms of his loved north and south.

SCHOOLBOY FELL FROM BAR AND SUFFERED PAINFUL HURT

Elwin, young son of Mr. and Mrs. Sidney Pendell of Monticello, N. Y., who are located on Third avenue, met with a painful injury late Tuesday afternoon in the dislocation of his left arm at the elbow. The accident occurred on the playground of the public school where Elwin and a couple of boy companions were amusing themselves on a horizontal bar. The other boys in some way threw their weight on Elwin and all were precipitated to the ground. Elwin fell with his arm in such a way that it was thrown out of place at the elbow. The boy made his way home and though suffering intensely, bravely tried to break the bad news gently to his mother in order not to alarm her. Dr. R. Howe was summoned and put the bones in place, and Elwin is resting as easily as could be expected.
